

THE ROHO® QUADTRO® SELECT® CUSHION

POSITIONING.

SKIN PROTECTION.

STABILITY.

CONVENIENCE.

NO COMPROMISE.

The QUADTRO SELECT Cushion sets the standard in the industry for overall performance in wheelchair seating. Each and every user will benefit from a customized fit through the simple push of a knob. The revolutionary ISOFLO® Memory Control™ offers shape fitting capabilities while the user is seated, allowing quick and easy, on-demand adjustment to maximize function. With the built-in stability and simplicity of the QUADTRO SELECT Cushion, no longer will you have to sacrifice maximum skin protection to get stability, positioning or convenience. The QUADTRO SELECT Cushion does it all. And with no compromise.

QUADTRO® SELECT® CUSHION

POSITIONING .

The QUADTRO SELECT Cushion allows for quick, simple position selection for every user while seated. By pushing the knob to the open position, you can adjust the user's posture to the desired sitting position. By pushing the knob to the closed position, you can maintain this desired sitting posture for maximum function.

SKIN PROTECTION .

Based on thirty years of research and client experience, our patented ROHO DRY FLOATATION® technology provides unparalleled performance in facilitating blood flow by fitting, matching and tracking the shape of a person.

STABILITY .

The QUADTRO SELECT Cushion offers a new level of stability never before found in an air flotation cushion. Stability is enhanced by locking the air into place in each of the four quadrants through the simple use of the ISOFLO Memory Control, minimizing side to side or front to back motion.

CONVENIENCE .

All postural adjustments are made while the user is seated, eliminating the need for transfer on and off the chair during the evaluation process. In addition, the QUADTRO SELECT Cushion allows the user to selectively change their position throughout the day as their particular activity demands.

*We highly recommend distribution through a certified rehab professional when ordering and fitting a ROHO Group product.

FEATURES & BENEFITS

- ADJUSTABLE:** Fits specific seating needs and unique body shapes.
- LIGHTWEIGHT:** Easy to handle and carry, at just 3.78 lbs./1.71 kg. (based on size QS99C) *Varies by size
